6.	The passing of Citizen Amendment Act (CAA) 2019 in Parliament has led to massive levels of mass protests across the country as many see it as an act that divides the country on the basis of religion. The speculation of nationwide National Register of Citizens (NRC) update added more fuel to the ongoing anti-CAA protests. Here are some of the key details about the CAA and NRC that you must know.  What is CAA?  The Citizenship Act, 1955 provides for acquisition, determination and termination of Indian citizenship. The Act has been amended several times in the past; the latest amendment was
	passed in Parliament on December 11, 2019. The Citizenship (Amendment) Act, 2019 (CAA) enables migrants/foreigners of six minority communities from three specified countries who have come to India because of persecution on grounds of their religion to apply for Indian citizenship. Such a foreigner has to become eligible to apply for citizenship after fulfilling the minimum legal requirements.

Social justice is the relation of balance between individuals and society. In Western as well as in older Asian cultures, the concept of social justice has often referred to the process of ensuring that individuals fulfill their societal roles and receive what was their due from society. In the current global grassroots movements for social justice, the emphasis has been on the breaking of barriers for social mobility, the creation of safety nets and economic
	justice.
